SEASON 2021/22

2021/22

INTRODUCTION

Greetings from BalticShop!

We are happy to offer you items from the Baltics again this year! This is the second Christmas season in a pandemic, and we hope you and your family and friends are healthy and hanging in there. Now is the time to order a special something from the Baltics to bring along to holiday gatherings or family Christmas celebrations. And if you are not traveling or not yet comfortable visiting in-person, you can still send your gifts directly to the recipient. BalticShop items are shipped directly out of Estonia, Lithuania and Latvia, and can be delivered to an address of your choice.

This year for the holidays, think about a natural beeswax candle, a box of chocolates or a loaf of fresh rye bread with honey or jam as a gift. Or maybe an ethnic pattern kitchen towel set, an amber bracelet or earrings, a book, tea, wooden decoration or sports jersey would be a good fit. Either way, it will be a gift from the heart and a special greeting from Lithuania, Latvia or Estonia.

Wishing you a happy and healthy holiday season,
Your friends at BalticShop
