INTRODUCTION

Dear Friends,

When the air is filled with the scent of gingerbread, and candlelight brings warmth into our homes, we once again look for gifts that carry true joy. In this catalog you will find carefully selected treasures from the Baltics - traditional handicrafts and heartfelt creations, modern design pieces, as well as treats that bring back the taste of home: rye bread, chocolate, sweets, and other little festive delights.

Balticshop is a bridge between the Baltics and America - so that our roots, traditions, and care can bring happiness to family and friends across the ocean. We believe that a true gift is more than just an item - it is a feeling, a story, and a memory we carry with us.

May this Christmas be bright, heartfelt, and filled with love.

With warm greetings from the Baltics,
The Balticshop Team

Latvian jewelry is more than just beauty. It carries from our ancestors their wisdom, strength, and deep connection with nature. Each symbol – the Auseklis Star, Māra's Cross, the Sun Sign, etc. – represents a part of life's rhythm, balance, and light. These pieces are a bridge between past and present – Latvian roots living in a modern form.

Amber is a beautiful stone, but it is also a miracle - born of the sun and the sea, carrying within it warmth and vital energy. Since ancient times, the Baltic people have believed that amber protects, heals, and attracts bright thoughts. By wearing amber jewelry, we gain inner peace, balance, and warmth.
